Withdrawal Procedure and Fee

Beginning with the '21-'22 school year, Calvary is offering an updated withdrawal procedure and fee to families that withdraw their students after registration is completed.

CCS has many expenses of a continuing nature, including faculty salaries and campus costs, that are covered through annual income from tuition. Because of these expenses, CCS relies on its families to uphold the financial agreement signed at registration time. This includes paying the withdrawal fee and the prorated tuition for the days the student was enrolled. The withdrawal fee is waived if the family moves more than 50 miles from their current residence.

How to Withdraw a student from CCS:

- 1) Parent/ guardian must complete a withdrawal form stating the student's last day of attendance (withdrawal forms are available in the school office).
- 2) Parent/guardian's FACTS financial account will be billed prorated tuition and withdrawal fee based on the students last day of attendance.
- 3) Student records will be released from the school when the student's financial account is settled.
